

2024

Drop- Off Service includes delivery to the paddock location at your selected time. The customer is responsible for set up, replacement of food, and clean up of service. This is like a Pizza Delivery. We will provide everything ready to go with proper disposable plates, utensils, napkins, serving utensils, cups and ice. Chafing dishes or warmers are not provided and timing of delivery is important to assure best quality. At the end, you just throw everything in the trash.
