

Approved Instructor Program

NJMP Track Operations will be monitoring and enforcing requirements related to Certified Instructors. The program is as follows:

1. A list of certified instructors, which includes the instructors experience and a copy of their certifications, working your event, must be submitted 2-weeks prior to the start of your track rental date. Any instructors submitted after this date will be subject to a non-approval.
2. NJMP Instructor Committee will review all instructors that are listed and confirm that they are approved based off NJMP driving requirements within 1-week of your event.
3. Approved instructors for your event will be given a wristband from NJMP Track Operations on the morning of your event.
4. If any of your instructors are not listed on the approved list, they will not be permitted to instruct during your event.
5. Instructors in the “right seat or driving” that present to Grid for Track Entry, must show NJMP Pit Lane Staff proper wristband in order to gain access on-track.
6. Passenger rides for the purpose of education are only permitted in Beginner Run Groups with an approved instructor.
7. Instructors / Passengers must meet all safety requirements outlined in Chapter 62 of the NJSP.
8. If approved, Instructors in Advanced Run Groups must adhere to additional safety requirements of NJMP.

For additional questions, please contact the Director of Track Operations, Mike Murphy at mmurphy@njmp.com
